

Dear Alumni and Alumnae,

My name is Kimberly Fillion and it is with great honor that I introduce myself to you as we embark on Trinity Catholic High School's 115th anniversary. I have been working at Trinity Catholic for over three years and have already been a part of an inspiring journey full of wonder and awe. I first began at Trinity Catholic as an assistant varsity coach for the girls' team. I immediately felt that TC was a place to call home as all the young women welcomed me into their program with open arms. I returned in the fall of 2008 as a faculty member. This year I am glad to still be a part of the faculty as well as take on a new role as the Alumni/ae Coordinator. Thus far, I have had the opportunity to connect with many of the alumni/ae who have walked through the halls of Trinity Catholic.

I would like to thank all the alumni/ae, community members, and leaders of Catholic education who attended our 115th Anniversary Scholarship Event on October 15th. With your help and support throughout the years, Trinity Catholic has developed and evolved into an academic arena that promotes a truly heterogeneous atmosphere. We seek to challenge our students at all levels of academia while honoring each student's unique potentials. We have had the privilege of serving over 10,000 students throughout our history and are looking forward to continuing in our mission for at least another 115 years.

It is our hope that you will remain connected with the school, whether you attended Our Lady's, Newton Catholic, St. Patrick's, or Trinity Catholic High School. Our rich tradition continues to make dreams a reality for each and every student that steps foot onto our campus. Your support and charity help keep Trinity Catholic a place where all students can call home. If you have not been in recent contact with TC, but would like to receive more information on upcoming events, please contact me with your home address, e-mail, and daytime phone number. Whether you have traveled, moved abroad, or live right down the road from us, I hope that you will return to your alma mater and stay in touch with folks from your class.

Again, thank you for your time and efforts as we continue to have "our tradition meet tomorrow."

Sincerely,

Kimberly Fillion
